Furmint

Tokaj  
Hungary

Spearheaded by one of the world's favourite wine writers, Hugh Johnson. "I had to wait for the Iron Curtain to come down before I could start up my dream," he reflected. It was worth the wait, as you'll taste with the 2022 vintage. Aged in new oak, it blends bright, crisp fruit with spice. Excellent with creamy chicken dishes.

## Red

"14/27" Agiorgitiko  
2019  
Nemea  
Greece

Nemea is one of Greece's most important regions for red wine. It's main star is the Agiorgitiko grape, which thrives on the mineral-rich, red clay soils which help bring out complexity and freshness in a wine. Revel here in the bright red fruits tempered by subtle vanilla spice from ageing in part new French oak barrels.

**Radacini Wines**  
"Albastrele"  
Cabernet

2020  
Cimislia  
Moldova

Cabernet Sauvignon is known to be the hero of Bordeaux. But this thick-skinned berry also excels in Moldova. It's a country with a strong winemaking history, as well as a handful of award-winning modern wineries - Albastrele being one of these. Since its launch over a decade ago, Albastrele has amassed awards in Europe for nearly every vintage. It shows just how perfect for winemaking the Black Sea-influenced climate in Moldova really is.

**100 Anos**  
Tannat  
Gimenez Mendez  
2022  
Canelones  
Uruguay

From a winery awarded the 'World's Best Tannat', this is a fabulous new find. It's from Gimenez Mendez, an estate founded by husband and wife team Luis Alberto Gimenez and Marta Mendez. Marta is, in fact, one of the prime movers in Uruguay's wine industry. Hand picked grapes, carefully fermented and aged in oak produces a lovely balance in the wine. A definite for steak!
